<b>Name of enterprise</b>	<b>Kids Hub Child Day Care Centre and School, Parbhani</b>
<b>Year of start/ establishment of enterprise</b>	2017-2018
<b>Success Story</b>	<p>It gives me immense pleasure to share that the Kids Hub Child Day Care Centre is the first daycare centre in the Parbhani district. The Centre was established in 2017-18 to cater to the developmental needs of young children from 3 months up to 12 years. The Centre is built-up in the area of 2600 Sq. feet. with all the safety measures, child-friendly decorations, and lots of learning material for kids. It took a few months to get recognition, but the quality care and mouth-to-mouth publicity made many parents enroll their kids in the center. The main moto was to target the kids of working parents, but slowly parents with only child, Single parents, parents from joint families having sick and very old grandparents, families where their kids have no playmates around their locality and many more with such reasons started availing this facility of daycare. The Centre was taking care of the development of the kids by providing services like...</p> <ul style="list-style-type: none"> <li>• Developmentally appropriate Stimulatory learning activities</li> <li>• Nutri – Kitchen to supply a variety of recipes to fulfill nutritional needs</li> <li>• Transport to pick up and drop off the kids</li> <li>• Help the children in completing the Home Work assigned by their schools from qualified Teachers to ensure the learning process.</li> <li>• Health check-up by the Pediatrician.</li> <li>• Provision of Talent nurturing club – Dance, Skating , Drama, Singing, Gymnastic</li> </ul> <p>Thus just in the span of 1 year, the parents put the demand to start the Pre-primary school along with the Daycare, and the Preschool facility was started. Now the Kids Hub has altogether 180 kids and gaining more publicity and demand for admissions to higher classes too. Thus the team of KIDS HUB now keeping the vision to expand it into the school from K-12 in the coming future and equipping themselves for the same. Thank you.</p>

<b>Year of start / Establishment of enterprise</b>	1. 2015 2. 2017
<b>Success Story</b>	<p>While studying in BSc (Home Science) 3rd year, we had a subject "Organization and management of ECCD programme". In that, we visited various schools and done many assignments about school administration. At that time only, I decided to open my own school and to provide the quality education by charging minimum fees to my village children.</p> <p>After completing my degree in 2015, I discussed my vision with my father about opening the Preprimary and Primary School, who is a social worker. With his support, I started Rainbow Preprimary School in 2015 and Vidyaniketan Primary School in 2017. Despite the number of schools in our village, our school is known for imparting quality education to the students. Our students come from nearby 4 villages. With the regular curriculum of the school, we prepare students for the competitive exams such as international olympiad exams &amp; others. From last 7 years I am running this school. In my journey so far, while teaching children, I have learnt a lot myself from bright young minds.</p>

<b>Success Story</b>	<p>Children’s wholesome development based on Panchkosh, the Indian Education System is the basic philosophy of the school. My preschool follows the principles of Vidyabharti where importance is given mainly to philosophy of Indian education. Our school mainly focuses on</p> <ol style="list-style-type: none"> <li>1) Joyful education</li> <li>2) Hands on experience</li> <li>3) Indian culture</li> <li>4) Curriculum based on panchmahabhute ( pruthvi, aap, tej, vayu, aakash ) i.e. Indian philosophy</li> <li>5) Panchkosh vikas of every child is the target of school not just reading and writing</li> <li>6) Study with nature and joy in education</li> <li>7) Education in mother tongue</li> <li>8) School not only educate the children but also parents, family members and community too</li> </ol> <p>We took parents workshops, parents meetings to aware parents about burdenless education, importance of parents involvement in education by inviting subject experts.</p> <p>We regularly do home visits to interact with family members</p> <p>Regular Teachers training is also one of the important part of school system.</p> <p>So day by day school's admissions are increasing. And we are successfully going ahead as parents are too happy with school and they are demanding for primary school.</p>
